

Webinar (December 2018 and January 2019)

An online webinar was held to present the ERA-Planet Virtual Laboratory and to demonstrate how to port models onto it. Two sessions were held in different days: the first session on 6 December 2018 and the second session on 5 February 2019.

1. Day 1 was dedicated to the presentation of the VLAB, and to the training on how to port models on the VLAB. After the first session, the attendees were expected to try porting their models following the instructions documentation and with dedicated support.
2. On day 2 the attendees were asked to report feedback, experience and issues encountered during the porting test.

Webinar sessions were recorded and are available at the following links:

Day 1 (06 December 2018)

- [Introductory Webinar on VLab - Day 1 - Online Documentation](#) (Yaniss Guigoz)
- [Introductory Webinar on VLab - Day 1 - VLab Requirements](#) (Mattia Santoro)
- [Introductory Webinar on VLab - Day 1 - Model porting with simple code](#) (Mattia Santoro) - Part 1
- [Introductory Webinar on VLab - Day 1 - Model porting with simple code](#) (Mattia Santoro) - Part 2
- [Introductory Webinar on VLab - Day 1 - Model porting with simple code](#) (Mattia Santoro) - Part 3
- [Introductory Webinar on VLab - Day 1 - Q&A](#) (all) - Part 1
- [Introductory Webinar on VLab - Day 1 - Q&A](#) (all) - Part 2

Day 2 (05 February 2019)

- [Introductory Webinar on VLab - Day 2 - Welcome and Introduction](#) (Yaniss Guigoz)
- [Introductory Webinar on VLab - Day 2 - Swiss Protected-Biodiversity Areas](#) (Denisa Rodila)
- [Introductory Webinar on VLab - Day 2 - Averaged values of fractional land cover classes per region](#) (Marta Gomez Gimenez)
- [Introductory Webinar on VLab - Day 2 - Mines Workflow](#) (Mariapaola Ambrosone)
- [Introductory Webinar on VLab - Day 2 - Status of models development from participants + Q&A](#) (all)
